14<sup>th</sup> January 2022

Dear members,

In response to continuing high numbers of Covid cases within and around our community, we want to reassure you of the steps that are being taken to keep the club open and running and somewhere safe for you to come and enjoy sailing and meeting.

Following a management meeting on Monday after which Debbie tested positive, those committee members who were present have been doing lateral flow tests and following advice from NHS Track and Trace. Extra cleaning has taken place around the club.

## Signing in

We are requesting that all members and visitors to the club sign in on entering the clubroom and sanitise or wash your hands. We strongly advise you to use the NHS track and Trace App and to have this on when in the club.

## Masks

We ask that you wear a mask in the club building unless you are seated at a table. It is also important that members check that windows have been opened to keep the clubroom well ventilated.

## Changing rooms

These will continue to operate with reduced occupancy because our changing rooms are underground where ventilation is poor. Please continue to tab in and out as you enter and exit the changing rooms and remove your bag from the changing room after you have changed.

Changing room	Occupancy	Showers
Male	8	Only 4 allowed at one time with one in each corner.
Female	5	All showers can be used.

## Galley

We invite you to order from the galley and maintain distance when queueing. Jo will no longer assign tables, but you are welcome to reserve a table through Jo. This Sunday there is a roast being served which Jo will have assigned some tables to.

## Bar

The bar will continue to operate and we ask that you maintain distance when ordering and do not crowd the bar.

## Personal Responsibility

We ask that you follow government guidance on self isolation/daily testing if you have tested positive or are a close contact of someone who has tested positive. Please avoid using the club if you or a member of your family has symptoms.

As always, we will review these protocols as the days and weeks progress.

Many thanks and happy sailing.  
The Management Committee
